

GIVE PROGRAM FOR FARMERS' MEETING HERE

The Rev. Clarence Rahn, Temple, Pa., will be the featured speaker Thursday evening at the annual meeting of the Adams County Agricultural Extension association at the Gettysburg high school.

While the Rev. Mr. Rahn, who has chosen as his subject, "A Dog's Tail" is to provide the entertainment and inspiration in his talk, the facts on what Adams county farmers have been doing during the past year and plan to do in the future will be given by 22 county residents in brief talks on various phases of activities in the county.

Two of the local speakers will be countrysmen explaining how they set records in production during the past year. The one will be Gerald Taylor, Wernersville, who captured the state record for high production of tomatoes and the other will be John Menges, McSherrystown, who had the highest production in potatoes.

To Elect Directors

The 32nd annual meeting will begin at 7 o'clock with President Harry E. Brown, presiding. The Senior Extension club, H. D. Waybright, Gettysburg R. 1, secretary of the county group, will read the minutes and O. D. Rebert, Littlestown R. D., its treasurer, will present his report. Roy Weener, Gettysburg R. 4, chairman of the nominating committee,

Here And There

News Collected At Random

The annual March of Dimes drive is well under way in Adams county. How much will be raised to combat the dread infantile paralysis will not be known until after the annual ball in the Hotel Gettysburg January 30. Half of the amount raised in this county will be retained to spend on county cases. The other half will be sent to the National Foundation for research work, and the training of doctors, nurses, physical therapists and other health workers in modern methods of fighting polio and for the education of the public.

In 1946 Americans gave \$16,000,000 toward this worthy cause. Each year the struggle is harder, more people are stricken and the expense grows. This year it will take much more than \$16,000,000 to do an effective job. Victims require time. Many cannot afford to pay the entire cost, a great number can only pay a small part of the expense and a still greater number are unable to pay anything. Your donations make it possible to help those who cannot pay.

Here are a few facts about polio:

In an average group of 100 cases, 50 will recover completely; 25 to 30 will show slight after-effects; 15 to 20 will be seriously crippled and five to ten will die. Isn't that terrible?

Children are most likely to be stricken, but grown people get it, too. In 1946 studies of cases in a number of states indicated that about 75 per cent are under 15 years of age and 25 per cent over 15.

The first serious epidemic was in 1916 when 27,363 cases were reported. In the past 30 years 223,306 additional persons were stricken.

There are 2,718 chapters in 3,070 counties in the country all staffed by volunteer workers.

During the polio season be sure to:

Wash hands before eating.

Keep flies and other insects away from food.

Help keep your community clean.

Waste and exposed garbage may be sources of infection.

Don't swim in polluted waters.

If polio strikes, watch for these symptoms: Headache, unexplained fever, a cold, even an upset stomach.

If it strikes call your doctor immediately. Expert medical care may help prevent crippling.

You can help fight this dreadful disease. You can give something to this worthy cause. Don't wait until you are asked. Give it voluntarily and make your donation as generous as you can afford. Put your donations, regardless of the amount, in the March of Dimes receptacles in many stores of your community. Or you may send it direct to Mrs. Joseph E. Codori, York street, Gettysburg, county chairman.

County Bankers To Hear Penn State Man

Earl Moffitt, of the farm management and accounts department, Pennsylvania State college, will be the speaker this evening at the regular dinner meeting of the Adams County Bankers association to be held at the Battlefield hotel at 6:30 o'clock.

C. D. Krout, cashier of the East Berlin National bank, recently elected president of the Adams county bankers, will preside.

Littlestown DR. STAMM IS SPEAKER FOR ROTARY CLUB

Luther D. Snyder, vice president, presided over the weekly meeting of the Littlestown Rotary club, Tuesday evening in Schott's banquet hall, South Queen street. Rotarian James P. Egan, an instructor in Western Maryland college, Westminster, was a visitor and the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed church, Littlestown, was a guest.

The program was in charge of the vocational service committee headed by Robert J. Kenworthy, chairman.

The guest speaker was the Rev. Dr. Frederick Keller Stamm, pastor of the First Congregational church, Chicago. Dr. Stamm's subject was, "Being a Person of Importance." He was presented to the club by the Rev. David S. Kammerer, pastor of St. Paul's Lutheran church.

Mr. William Swisher, secretary, read the report of the superintendent of the church school, Mrs. Guyon E. Buehler, in the latter's absence. The report showed an average attendance of 140 persons. Mrs. Buehler's report also showed that 54 members had perfect attendance. Contributions included nearly \$2,000 to the building fund, the sending of three CARE packages, YWCA, Adams County Free Library, AME church work, subscriptions to "Today" for members of the church school staff, sending three girls to summer camp and donations to Homewood and World Service.

A total of \$4,580 general and \$184 benevolence, was expended for service.

CONGREGATION HOLDS ANNUAL MEET TUESDAY

Financial reports submitted at the annual congregational meeting of Trinity Evangelical Reformed church Tuesday evening showed nearly \$16,000 in the church's building fund, with \$3,596.40 added during the past year. Expenditures from the general fund were \$5,456.14 and for benevolences, \$2,184.50. Receipts during the past year were \$5,669.65 for the general fund and \$1,868.64 for benevolences. The balance was reported as \$2,097.75. These figures were shown in a mimeographed account presented by the secretary, Robert E. Sheads.

The Rev. Dr. Howard S. Fox, pastor, presided and presented his 18th annual report, following a congregational supper a 6:30 o'clock, in the social room of the church. Dr. Fox said the church had just completed "another good year, with good attendance at worship and communion services."

Dr. Fox announced that on May 20 he will observe the silver anniversary of his ordination. He was ordained in Christ church, Roaring Springs, on May 20, 1923.

Reports For Year

The statistical report of the pastor showed a church membership of 350. During the last year, eight were confirmed, eight new members were received by transfer and ten left the church by transfer. Ten members died during the year and baptisms totalled 11.

Mr. William Swisher, secretary, read the report of the superintendent of the church school, Mrs. Guyon E. Buehler, in the latter's absence. The report showed an average attendance of 140 persons. Mrs. Buehler's report also showed that 54 members had perfect attendance. Contributions included nearly \$2,000 to the building fund, the sending of three CARE packages, YWCA, Adams County Free Library, AME church work, subscriptions to "Today" for members of the church school staff, sending three girls to summer camp and donations to Homewood and World Service.

A total of \$4,580 general and \$184 benevolence, was expended for service.

CAR SMASHED ON ICY ROAD

An automobile owned and driven by John Crider, 40, of Orrtanna R. 1, was struck and badly damaged by a tractor-trailer outfit owned by Warren Parker, Robinsville, N. J., at 8:30 o'clock this morning in the Lincoln highway in Cashtown.

State police, who investigated the accident, said Crider was driving east and slowed down to turn into a gasoline service station. The highway was icy and very slippery, state police said, and the tractor-trailer, driven by Howard Wiley, Hightstown, N. J., which was following Crider, was unable to stop.

The tractor-trailer struck the rear of the Crider automobile and pushed it into a tree, demolishing both the front and back of the car, state police said. Damage to the car was estimated at \$500. There was no damage to the truck.

The speaker said, "Every housewife knows what salt can do. First of all, it preserves things. We need not look far, to discover how rottenness can get into things that ought to be wholesome for both young and old. There ought to be people in every community, who are vital enough, healthy enough and plump enough to encounter the corruption and destroy it."

Continuing he said, "Salt has the quality of bringing out the flavor. Stale things can be freshened and insipid things can be made tasty by the presence of good people. Christianity has the power to take the saltiness out of the night."

"At Midnight—A Song"

The speaker continued: "Salt is also a neutralizer. It neutralizes even a bitter acid. There is plenty of acid in our world and all too many bitter tongues. The world is reaping the harvest of hate and revenge. But what if the salt have lost its flavor? What if there aren't enough good people who can keep things from getting rotten; who can bring out the good; and who can neutralize the bitter acid? Savourless salt is good for nothing but to be cast out and trodden under the foot of man."

(Continued on Page 7)

HOSPITAL REPORT

Admissions to the Warner hospital include Mrs. Theron Miller, Gettysburg R. 4; William Ebersole, Fairfield R. 1; Charles Stapleton, Fairfield R. 2; Mrs. Harry Kline, Biglerville R. 1; Elmer Raffensperger, Biglerville R. 2; Mrs. Kenneth Benner, Littlestown; Mrs. David Flinn, Gettysburg R. 5; John Mills, Iron Springs; Mrs. Walter Crouse, Emmitsburg; Mrs. Glenn Jacoby, Gettysburg R. 4; Rudolph Warthen, Emmitsburg, and Joseph Ferrera, Westminster R. 1. Those discharged were Barry Bickel, Dover R. 2; Mrs. James Keller and infant daughter, Lucinda Mae, Gettysburg R. 3; Mrs. Leonard Ferguson, of Taneytown; Charles Felix, Cashtown; Mrs. John Skiles and infant daughter, Karen Vista, Taneytown; Mrs. Bernard Baker and infant son, Thomas Joseph, New Oxford; Mrs. Robert Lohr, Gettysburg R. 1; Mrs. Phoebe Messner, Sykesville, Md.; William Zinkand, Lincolnway east, and Laura Stain, Fairfield.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. David Flinn, Gettysburg R. 5, announce the birth of a daughter at the Warner hospital this morning.

Daughters were born Tuesday evening at the hospital to Mr. and Mrs. Walter Crouse, Emmitsburg, and Mr. and Mrs. Glenn Jacoby, Gettysburg R. 4.

Born Tuesday to Mr. and Mrs. George Weaver, Gettysburg R. D. 4, at the Hanover hospital, a son.

Plans for the club's first shooting match, to be held probably February 21 and 22, will be completed at this evening's session.

Sportsmen Will Meet This Evening

The Gettysburg Sportsmen's association will hold its regular meeting this evening at 8 o'clock in the Old Rod and Gun club building, which the association recently purchased along Wainwright avenue.

Anyone interested in joining the organization is invited to attend the meeting to look over the facilities available and to discuss the future activities by the club, President Ray C. Crot.

Plans for the club's first shooting match, to be held probably February 21 and 22, will be completed at this evening's session.

(Continued on Page 7)

Leading In Louisiana

Former Governors Sam Jones (left) and Earl K. Long, archrivals in Louisiana politics since the days of the "scandals," were leading and close together in yet incomplete returns on yesterday's Democratic gubernatorial primary in Louisiana. Long is a brother of the late Sen. Huey Long.

GIVES FIGURES ON ATTENDANCE AT 'REC' CENTER

Attendance at the junior and senior canteens held at the Gettysburg annex between November 15 and January 1 totalled 2,732, Paul Whitmoyer, recreation director, announced today.

Up to the end of the year, eight Junior canteens had been held since the beginning of the program in mid-November. Average attendance at the junior canteen was 76 with the highest attendance being 125 and the lowest 48, the records disclose. Total attendance was 558.

The Senior canteen for older youths proved even more successful with attendance at the 12 sessions held up to the end of the year totalling 2,174. Average attendance at the senior canteen was 181, a figure which will increase this year judging by the general trend toward increased attendance. The largest attendance up to the end of the year was 225. The canteen held last Saturday drew 260.

While no statistics were immediately available for the attendance at free time play periods, basketball games, dance classes and the like, the response to most of the activities has been "tremendous" Whitmoyer said.

The eagerness on the part of youngsters in the community for recreational facilities is best exemplified by the response the recreation association has received from installation of nets and basketballs at the Meade school. There, Whitmoyer said, the playground is crowded with youngsters even when it is covered with snow and some youngsters play basketball during recesses from school. The ball is kept at Albert Wolford's service station across the street from the school.

LADIES GUESTS OF LIONS CLUB

The members of the Upper Adams County Lions club were hosts to their wives and other guests at a dinner meeting Tuesday evening in the social rooms of St. James Lutheran church, Gettysburg. The menu consisted of roast turkey, filling, mashed potatoes, dressing, peas, hot rolls, radishes, coffee, ice cream and cake.

Other Entertainment

Mr. Codori said today that he has also ordered six additional movies

(Continued on page 2)

News Briefs

Washington, Jan. 21 (P)—Secretary of the Treasury Snyder said today Congress may be asked to provide funds to support the value of European money. This would be in addition to the billions asked for the Marshall plan.

He did not say how much, but told the House Foreign Affairs committee that the time will be "possibly" this year and "probably" next. It will come, he said, when the European countries are showing progress toward steadyng their currencies by balancing their budgets, increasing production and expanding trade.

MORE BURIALS

Re-burials of World War II soldiers killed overseas will begin again at the Gettysburg National cemetery February 10, Alvan C. Baker, superintendent, announced today. Nineteen are scheduled so far for burials during the forthcoming period.

(Continued on page 2)

Legionnaires Of 22nd District To Meet

A delegation of members from Albert J. Lentz post, No. 202, American Legion, will attend the Legion's 22nd district council meeting Friday evening at 7:30 o'clock at the home of York post, No. 127. Guest speakers will be Congressman Chester H. Gross and a prominent Legionnaire from the 10th District who will base his talk on his experiences and knowledge of communistic plans and methods used in this country.

CHEMISTS MEETING

Dr. Harry K. Hrig, director of laboratories, Globe Steel Tube company, Milwaukee, Wis., will speak on "The Corrosion and Application of Alloy Steels at High Temperatures Under Alternating Oxidizing and Carburizing Conditions" at the January meeting of the Southeastern Pennsylvania Section of the American Chemical Society. The session will be held Thursday evening at 6:30 o'clock at the Harrisburg Central YMCA. Dr. John B. Zinn, West Broadway, is chairman of the session.

He said he never has used any "inside" government information and that all of his trading has been ethical and above-board.

Pauley's records showed his only cotton transaction during 1947 began when he bought 1,000 bales September 16. He sold it November 5 at a profit of \$1,275.

He bought 500,000 pounds of lard on September 3, for \$91,000 and sold it all within six weeks at a \$28,475 profit, he said this was one of the pre-September 3 purchase orders.

He also made heavy purchases of hides and some sales after September 3. At the end of the year he was "short" 11 contracts of hides which he still had to purchase in order to close out that account. Short sales are made in expectation that prices will fall.

40 AND 8 PROMENADE

Voiture Locale No. 731 of the Forty and Eight will hold its regular January promenade Thursday, January 22, at 7:30 p. m. at the Shetter House on Chambersburg street.

He made heavy purchases of hides and some sales after September 3. At the end of the year he was "short" 11 contracts of hides which he still had to purchase in order to close out that account. Short sales are made in expectation that prices will fall.

11 INJURED AS PLANE SKIDS, BURNS IN SNOW

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Mrs. Melvin Warren and son, William, Arendtsville; Mrs. W. E. Wolff, Gettysburg, and Harold Keller, Orrtanna, left Monday morning on a two-week motor trip to Florida.

Boston, Jan. 21 (AP)—At least 11 persons were injured when an incoming huge Eastern Airlines Lockheed Constellation drove through a snow-filled sky to an icy runway, skidded into a snowbank, and burst into flames at Logan International airport today.

Twenty passengers and five crew members jumped 15 feet through doorways into the safety of snowbanks as angry flames licked at the craft which was almost completely consumed.

The most seriously injured suffered leg and rib fractures. Seven persons were given first aid at the airport administration building and East Boston Relief Station while four more seriously hurt were taken to city hospital.

Turned Over In Snow

Attaches at the airport said that the craft was driven to Boston when it ran into foul weather over Newark, N. J., en route to Boston. The pilot, from Miami, Fla., apparently unfamiliar with conditions at the local port, landed the craft on runway ice as he came in through a low ceiling. It was snowing at the time.

Witnesses reported the ship burned slowly at first, allowing the passengers to get out. And then burst into flames and was reported almost completely destroyed. All police and fire rescue apparatus converged on the scene.

The plane turned over after hitting the bank. The flames were confined to the right side of the craft at first, allowing passengers to escape through left front doors. They were assisted out by the crew's five members.

Airport officials said it might have turned into a serious disaster if the original flash of flames had not been confined to the right side of the craft.

Captain Jumped Last

Engineer Harold D. Cooney of Miami said the crash was caused by an "icy runway and insufficient braking." A passenger, J. D. Johnson, 50, of Forest Hills, N. Y., said the captain, N. E. Thayer of Miami, "did a marvelous job. We all had ample time to get out."

Captain Thayer stood in the burning ship until every passenger and crew member had jumped or tumbled into snowdrifts and then as the flames licked at him, he plunged headlong into the soft snow.

Flight Purser John McGuire, 22, of Miami, said the plane tried to land at LaGuardia Field in New York after finding the Newark airport under a wild storm. He said the plane left Miami at 10:45 p. m. He placed the time of the accident at 4:20 a. m.

Around The Town

It's anybody's guess how a proper name is spelled. Take the case of William Harbold and Ervin Harbold, York Springs R. D. They're brothers. Ervin, who serves on the Latimore township school board, explains that his brother spells it with a "t" because his primary school teacher insisted the name should end with a "t." All the rest of the family are "Harbolds." Ervin says both are correct—"Grandfather spelled it Harbold."

Another "divided family" example is that of Miss Margaret McMillan, the county's Red Cross secretary. Miss McMillan starts her name with "Mc," just as most of the family's predecessors did. But her brothers spell it "MacMillan."

Washington estimates that American citizens spend over \$80,000,000 a year to feed and clothe individuals in Germany. Some of that money is coming from Adams countians — a good many of whom have quietly assumed responsibility to keep someone from starving. An estimate has it that every day four CARE packages are sent by countians to some overseas.

If everything works well, one of the county's war veterans — who flew for Uncle Sam during Chapter seven of "Wars Adams County Has Known," is investigating the possibility of purchasing a helicopter for spraying and photography work, so there may be a new "industry" here by spring.

Inquiry Ordered In Babe's Death

Minneapolis, Jan. 21 (AP)—Major Hubert Humphrey today summoned an emergency meeting of the Minneapolis Public Welfare board for what he said would be an "exhaustive inquiry" into the case of a four-months-old infant who died in his office yesterday.

Mr. and Mrs. Arthur Jensen, Minneapolis, parents of Arthur Jr., told William C. Sims, aide to the mayor, the child died following refusal of General (city) hospital physicians to admit it Monday night.

Dr. Russell R. Helm, Hennepin county (Minneapolis) coroner, said the infant died of laryngeal-tracheal bronchitis. He said an inquiry by his office disclosed physicians at the hospital had administered penicillin injections and taken X-rays of the baby for a pneumonia check but had found no traces of that disease Monday night.

Philadelphia, Jan. 21 (AP)—A World Zionist leader says recently-seized explosives should be released to Jews in Palestine who "are being left to fight empty handed while their Arab enemies are being well equipped by neighboring Moslem states."

DEATH

Sylvester Williams

Funeral services for Sylvester C. C. Williams, 70, retired miller, who died early Tuesday at his home, Camp Hill R. D. 1, will be held Friday at 2 p. m. at the funeral home at 408 Third street, New Cumberland. The Rev. C. H. Heiges, pastor of Shiremanstown Church of God, will officiate. Burial in Rolling Green cemetery. Friends may call at the funeral home Thursday after 7 p. m.

He formerly was employed by the Dilbush Milling company.

Surviving are his wife, Mrs. Gwynn Vaughan Williams, and two brothers, Lewis and A. B. C. Williams, both of York Springs.

UMT BACKERS DRIVE FOR VOTE

Washington, Jan. 21 (AP)—Sup

porters of compulsory military training sparked a drive today to force a House vote on the issue, but they conceded their prospects are slight.

"We probably will be filibustered off the floor," Chairman Andrews (R-N. Y.) of the armed services committee told reporters.

It was Andrews who mapped new parliamentary strategy for the training bill and bluntly told the House leadership of his plans.

The New Yorker served notice he will insist that the House follow its usually dispensed with "calendar Wednesday" procedure. That is a device which gives committees the right to call up for immediate vote bills they have approved.

The armed services committee approved a universal training bill last year.

But despite Andrews' insistence, it has been unable to win rules committee clearance needed to send the measure to the floor for a vote under regular procedure.

New Cold Wave Ahead For East

(By The Associated Press)

After a brief respite from last week's frigid weather, a few but less severe cold wave appeared in prospect for the eastern half of the country.

A fresh outbreak of cold air surged across the Canadian border and moved into the north central sections of the country. It was expected to cover the same area gripped by winter's iciest blasts last week.

Accompanied by snow flurries and strong winds, the cold air moved down the Missouri and upper Mississippi Valleys and temperatures dropped rapidly in the Dakotas and Minnesota, reaching sub-zero levels this morning.

The edge of the new cold air entered northern Missouri, Illinois, Indiana and lower Michigan. The mercury was expected to dip to near the zero mark in Chicago tomorrow.

YORK WORKERS VOTE AGAINST AFL UNION

York, Pa., Jan. 21 (AP)—The Up

holsters International Union (AFL), has lost a representation election at the Stewartstown Furniture company.

Workers voted against the AFL union in the election in which the CIO's United Furniture Workers was eliminated from the ballot for not conforming with the affidavit provision of the Taft-Hartley law.

However, the CIO union has a contract running through March 31 and will continue to represent the workers as a result of the NLRB conducted election. The vote was 64 against and 57 for the AFL union in yesterday's balloting.

COMEDIAN DIES

Philadelphia, Jan. 21 (AP)—Comedian Jack Lamont had the night club crowd at the Senator hall chuckling at his gags early today.

Then he waved in one of his associates, pitched forward and dropped dead. A physician summoned to the hotel pronounced the 51-year-old entertainer dead of a heart disease.

DECORATED VET HELD

Mt. Holly, N. J., Jan. 21 (AP)—A 23

year-old winner of the Congressional Medal of Honor was held without ball today charged with assaulting a 15-year-old girl in nearby Bordentown, N. J. The youth, Master Sergeant James R. Hendrix of Lepanto, Ark., was arrested yesterday at Fort Dix, N. J., where he has been stationed since last June.

CIVIL SERVICE JOBS

Examinations for toolmaker, welder (electric), brick or stone mason and machinist, for work at the Naval Ordnance plant, York, were announced today by the U. S. Civil Service commission. No written test will be required. Applications will be accepted until jobs are filled. Further information can be obtained from Jesse E. Snyder, local secretary.

WASHINGTON, Jan. 21 (AP)—The

appointment to the \$10,000 post was made effective until the end of the next session of the state Senate to which the appointment will be submitted for confirmation.

Armstrong, since 1939 has been chief of the state Health Department's narcotic division, except for two years of service in the U. S. Navy.

NEW YORK, Jan. 21 (AP)—The Army

Transport Corp. Eric G. Gibson arrived in port today with the bodies of 1,753 American servicemen from Europe and anchored off Staten Island. The ship will dock tomorrow at Pier 3, Brooklyn Army base.

where a brief public ceremony will mark its arrival.

VOTING CLOSE IN LOUISIANA

New Orleans, Jan. 21 (AP)—Two

arch-rivals of Louisiana politics since the days of the "scandals"—former Governors Earl K. Long and Sam H. Jones—today were out in front and close together as the slow count of yesterday's Democratic gubernatorial primary election continued.

There were four candidates in the race and it was certain that a runoff primary, set for Feb. 24, would be necessary. But hundreds of country boxes remained to be tabulated, so it wasn't yet certain that Long and Jones would qualify as the two highest and therefore eligible to repeat their runoff primary battle of 1940. The prize is a nomination equivalent to election.

Jones is the man who led a ballot box revolt in that year against the late Huey P. Long's political organization, which backed Earl Long, Huey's brother, for the governorship.

Jones won and was succeeded in 1944 by a political ally, the singing governor, Jimmie H. Davis. This year Jones and Long again were made standard-bearers by their respective factions.

The old regular organization of New Orleans, breaking an alliance originally imposed by Huey Long, backed its own candidate, U. S. Rep. James H. Morrison. Judge Robert P. Kennon made an appeal to the ex-servicemen's vote with an "all-GI" ticket.

Unofficial returns from 596 of the 1,878 precincts in the state gave Long 74,115 votes, Jones 69,647, Morrison 45,350 and Kennon 38,574.

GIVE PROGRAM

(Continued from Page 1)

will report for that group.

Five directors will be named at the business session. The five directors whose terms expire this year are Edgar Leer, York Springs; A. B. C. Williams, York Springs; Glenn Slaybaugh, Gettysburg R. 3; G. R. Worley, Hanover R. 4 and Mrs. Howard Schwartz, Littlestown.

J. B. Collins, farm labor assistant, will report on the emergency farm labor program which came to an end in January. Other reports to be presented include: H. B. Raffensperger, on the Fruit Industry; Mrs. Howard Schwartz, "Freezing"; Mrs. Margaret Polhemus, Abbottstown, "Family Living"; Mrs. Glen Rider, Biglerville R. D., "Clothing."

Many Reports

Charles Klinger, Gettysburg, tester, will report on the Dairy Herd Improvement association; Howard Waybright, artificial breeding; Mrs. Harry Kime, York Springs; "Fabric Painting"; Mrs. Warren Martin, Fairfield, and Mrs. Warren Gitt, Littlestown, "The Work of the 4-H Home Economics department."

Miss Mildred Tombier, home economics extension representative, will speak briefly and A. B. C. Williams will report for the 4-H Baby Beef club. Simon Murren, Hanover R. 4, will report for the 4-H Dairy club and Myles Starner, Biglerville, will report for the Senior Extension club.

Mrs. Robert Wilkinson and daughter, Carol, Harrisburg, spent Tuesday with Mrs. Dale F. Lawyer, Biglerville.

Miss Myrna Sheely has returned

to Ardmore after a short visit at her home at Table Rock.

Owing to illness there will be no

meeting of the Ladies' Bible class of Bethlehem Lutheran Sunday school.

J. B. Collins, farm labor assistant, will report on the emergency farm labor program which came to an end in January. Other reports to be presented include: H. B. Raffensperger, on the Fruit Industry; Mrs. Howard Schwartz, "Freezing"; Mrs. Margaret Polhemus, Abbottstown, "Family Living"; Mrs. Glen Rider, Biglerville R. D., "Clothing."

ion during 1947 by the church school, the report said.

Tell Of Activities

Mrs. Fox, president, reported for the Women's Guild and announced contributions to the Red Cross, the American Bible society and the YWCA. She told of successful clothing collections by the group last year for overseas shipment and announced an additional collection January 25 and February at the church, where receipts will be placed for contributions to be taken to New Windsor, Md.

Mrs. W. Preston Hull, treasurer of the Zwingli Circle, announced that her group had spent \$668 during the past year for the work of the church. Mrs. S. Lester Scott, president of Trinity Circle, said this group spent \$661.65 for various church services. Mrs. Scott also announced that Trinity Circle had accumulated \$1,325.41 for the building fund.

Mrs. Clyde Spangler, reporting for the Barkley Circle, said that the group had spent \$196.99 during 1947 for church work. Mrs. Donald Fissel, president of the Altar Guild, asked for more members, declaring that several members were forced to serve several times during the year because of a shortage of guild members.

MAROONS DOWN QUIRES 38-31 OR 7TH WIN

Hershey Bears In Tie With New Haven

(By The Associated Press)

The Hershey Bears moved into a tie with New Haven for second place in the American Hockey League's Eastern Division as the result of a 1-1 draw with the St. Louis Flyers last night in St. Louis.

The deadlock raised Hershey's point total to 41—still 10 points back of the leading Providence club.

In the league's only game, Hershey assumed a one-point lead over the Flyers when Paul Routh scored in the opening period. The Bears held doggedly to this thin advantage until the last frame was ten minutes old. Then Johnny Raynak, deflected a hard shot from Bingo Kampman into the net for St. Louis' tying score.

CANNERS SPLIT CAGE CONTESTS

The Bigerville high school boys' basketball team dropped a thrilling extra period tilt to Washington Township high on the latter's court Tuesday evening 46-44. The defeat was the third against four wins for the Canners.

With five seconds remaining in the regulation game Clark Heller converted two free tosses to knot the score at 40-40. Washington Township opened the extra period with a rush and tabbed six straight points. Then Kime netted two free throws and Heller landed a goal as the game ended. Bill Welker netted 20 points to be high scorer for the evening while Vernon Harbaugh landed 19 to pace the winners.

Coach Sam Ehman's Bigerville girls remained unbeaten as they capped their seventh straight victory in the preliminary 45-26. Jean Bricker netted 19 points for Bigerville while Shanks contributed an even dozen for the losers.

Bigerville plays at Bolling Springs in a county league game Friday evening.

Jayvees Triumph

The Maroon scrubs also won their seventh tilt in 10 starts by taking the preliminary game in easy style 4-25. Deardorff racked up 20 points to lead Coach Shoemaker's outfit.

On Friday the Maroons will entertain Carlisle high school in a

outh Penn league game here.

TABLE TENNIS ATTRACTS MANY AT REC CENTER

The Gettysburg Recreation association today announced a new cafeteria-style self-service table tennis tournament which will probably continue running until somebody calls a halt to protect the tables.

Started last week the tournament is already free-wheeling its way practically every night at the recreation center in the Hotel Gettysburg annex and anyone who wishes can join the tourney.

As it stands two sets of ten cards each are reposing on nails placed in the rear wall of the gymnasium. Anyone whose name is on the list can challenge anyone up to two places above him. If he wins he moves up a notch. If he loses, he remains where he is, still open to anyone in the two places below him for a challenge.

Toughest job is that of the last boy and the last girl on the lists. Anyone can, and generally does, challenge them. If the challengers win they take the last place on the list and then can challenge above them while remaining open to all challenges from outside.

Sometime in the future the tournament will close — when that happens, the top men will be the champions. Whether that will be any of the 20 now on the lists or not depends on the skill of those below them at the present writing and those who will enter by defeating the last man on the list.

Hagerstown Catholic will play at York Springs Thursday evening.

JR. HIGH QUINT DOWNS CANNERS

Coach Don Ulrich's Gettysburg junior high cagers pulled their season's record to two wins against as many losses by defeating Bigerville junior high on the local floor Tuesday afternoon 25-12.

The locals played a strong defensive game throughout, permitting but two field goals, both by Rice. After holding a 14-10 lead at the end of the third period the Ulrichmen put on a fast finish to win comfortably.

Ford and Mellas paced the well-balanced Gettysburg offense with Rice and Lawyer accounting for nine of the Canners' tallies.

On Friday the local aggregation plays Waynesboro junior high on the latter's floor.

Today's Talk

By GEORGE MATTHEW ADAMS

GROWTH

How often we meet those whom we have known in years gone by, and they seem so changed to us. That is not strange. Change is growth. To muster the thoughts of youth is an interesting experience, but they are not the thoughts of our later years.

W. Robertson Nicoll was the famous editor of the British Weekly, and a most interesting character he was—probably, in his time influencing the reading habits of more people than any other man. He literally read thousands of books in his lifetime, and many were the young writers that he encouraged. I was interested in a comment that he made in one of his books. He said: "The boy who reads 'Don Quixote' at 12 laughs over it, but at 30 sees it is the reading the greatest book in the world." Of course, he was referring to a book of fiction.

Our taste changes with the years. Our prejudices mellow or disappear. Our viewpoints are enlarged and broadened. I wonder how many have been influenced to a larger growth by that famous saying of Emerson's, from "Self Reliance?" I know that when I read it many years ago it stamped itself upon my mind, never to be effaced. Here it is: "Thrust thyself: every heart vibrates to that iron string." To do this is to gain growth.

As our mind expands, and becomes enriched, we like to be with, and talk to, those whose minds, as well, have enlarged and become enriched. The stand-stillers do not interest us. I recall the saying of a famous tennis champion who once told me that she always selected better players than herself with whom to play.

Again quoting W. Robertson Nicoll. He once said: "I am inclined to put the zenith of success—the time of most consideration and public labor—as somewhere in the 60's, from 65 to 70." And this was said some 30 years ago. Too many people think that they are through at such an age.

"We are ready to sink their fleet in the Adriatic; against their atomic bombs we shall use our own. We do not stand alone this time.

"Our jet propelled fighter planes and our artillery will efficiently discourage visits by enemy aviation. Our materiel comes from an inexhaustible source. Our lines of transport will never be cut.

150 Divisions Ready

"Russian workshops turn out 30,000 cars a month. Headquarters have at their disposal 150 divisions ready to march on 48 hours' notice and capable of wiping out all obstacles obstructing their advance up to Paris."

Tito was quoted as saying a few thousand "bandits" were in the Yugoslav mountains and were vexing, but of no consequence. (Balkan government spokesmen regularly use the term "bandit" for opposition forces.)

"Hundreds of thousands of their companions who live in our midst spy on us from London and Washington through yet undiscovered channels." Tito was quoted as saying. "Comrades, these doings must be stopped at all costs."

The report then quoted Tito as saying:

"Comrades, you know well that the people are not on our side. This is proved unequivocally by the lack of extra quantities of wheat which the farmers have been called upon to deliver voluntarily. The farmers are perfidious and obstinate and it is impossible to clear their brains of belief in priests and saints."

"I have no wish to interfere in matters of religion, but when priests will toll alarm bells, there will be wholesale insurrection and it must not be overlooked that the farmers are very well armed."

Has he let the months pass
Without letting you know?
Neath his feet has the grass
Been permitted to grow?
If you've thought him to be
The most backward of men,
Say what never may he.
It is leap year again.

Oh, glorious maid,
To some slow pace inclined,
Who to tell is afraid
What he has on his mind,
Tis the one year in four
Line and hook you may cast.
Dilly-dally no more;
You may land him at last.

REPORT TITO
CLAIMS ATOM
BOMB READY

Trieste, Free Territory, Jan. 21 (AP)

The pro-Italian newspaper La Voce Libera published today a purported secret speech by Premier Marshal Tito of Yugoslavia in which he was reported to have said that Yugoslavia has atomic bombs.

The newspaper said Tito, in a speech to his party executive at Zagreb, on November 18, 1947, claimed that Yugoslavia had 150 divisions, atomic bombs and jet propelled planes for the "final annihilation of reaction."

The paper said it had had the text of the speech for a month, but delayed publication, until it learned it was authentic and had been published in "Dissidence 40" the pro-De Gaulist French newspaper.

Jet Fighter Planes

La Voce Libera quoted Tito as saying that reactionary forces, with the aid of American and British capital, were working against the "Yugoslav proletariat," but that he had a "very strong, well organized army which we do not feed chocolate and sweets but which stands in readiness, not only to protect our frontiers, but also to oust the division of gangsters concentrated in Italy and Austria." The quotations went on:

"We are ready to sink their fleet in the Adriatic; against their atomic bombs we shall use our own. We do not stand alone this time. Our jet propelled fighter planes and our artillery will efficiently discourage visits by enemy aviation. Our materiel comes from an inexhaustible source. Our lines of transport will never be cut."

150 Divisions Ready

"Russian workshops turn out 30,000 cars a month. Headquarters have at their disposal 150 divisions ready to march on 48 hours' notice and capable of wiping out all obstacles obstructing their advance up to Paris."

Tito was quoted as saying a few thousand "bandits" were in the Yugoslav mountains and were vexing, but of no consequence. (Balkan government spokesmen regularly use the term "bandit" for opposition forces.)

"Hundreds of thousands of their companions who live in our midst spy on us from London and Washington through yet undiscovered channels." Tito was quoted as saying. "Comrades, these doings must be stopped at all costs."

The report then quoted Tito as saying:

"Comrades, you know well that the people are not on our side. This is proved unequivocally by the lack of extra quantities of wheat which the farmers have been called upon to deliver voluntarily. The farmers are perfidious and obstinate and it is impossible to clear their brains of belief in priests and saints."

"I have no wish to interfere in matters of religion, but when priests will toll alarm bells, there will be wholesale insurrection and it must not be overlooked that the farmers are very well armed."

URGES END TO
"RATION TALK"

Washington, Jan. 21 (AP)—

All the

hot talk in Congress about meat

rationing is simply serving to build

the position that if a spring shortage predicted by the

Agriculture Department develops,

the public will demand rationing.

Under their measure, Congress

would have the final say on whether

any program prepared should be

put into effect.

Flanders and Rep. Javits (N. Y.),

sponsors of a bill to let the

administration get set for meat

Building Ideas For Home Owners Of This Community

BAD PLUMBING CAN CAUSE MUCH COST, TROUBLE

Inadequate and faulty plumbing probably causes more annoyance and expense for the home owner than any other part of the house. For that reason, particular attention should be paid to the plumbing, whether one is buying an existing home or building a new one.

Trouble is almost certain to crop up if supply and waste pipes are not large enough for both present and future family needs, and if there are not enough tubs, toilets, wash basins, sinks and other facilities.

You can tell whether the plumbing system is properly designed and installed in an existing house by testing it. If water flows too slowly from outlets, this can mean either that the supply pipes are too small or that they are clogged with dirt, scale or rust. The same is true if drainage is slow. If drains are noisy, this usually means that the system is not adequately vented to let air into the pipes.

Sign of Quality

An excellent method of determining pressure in an existing house is to open faucets at several points. If water flows freely from all of them, you can be sure that pressure is adequate. Water is supplied under pressure and for that reason piping of small diameter is used. Copper or brass pressure pipe is a sign of quality. This costs more than galvanized steel, but is not subject to corrosion or rust and generally will remain trouble-free for the life of the house.

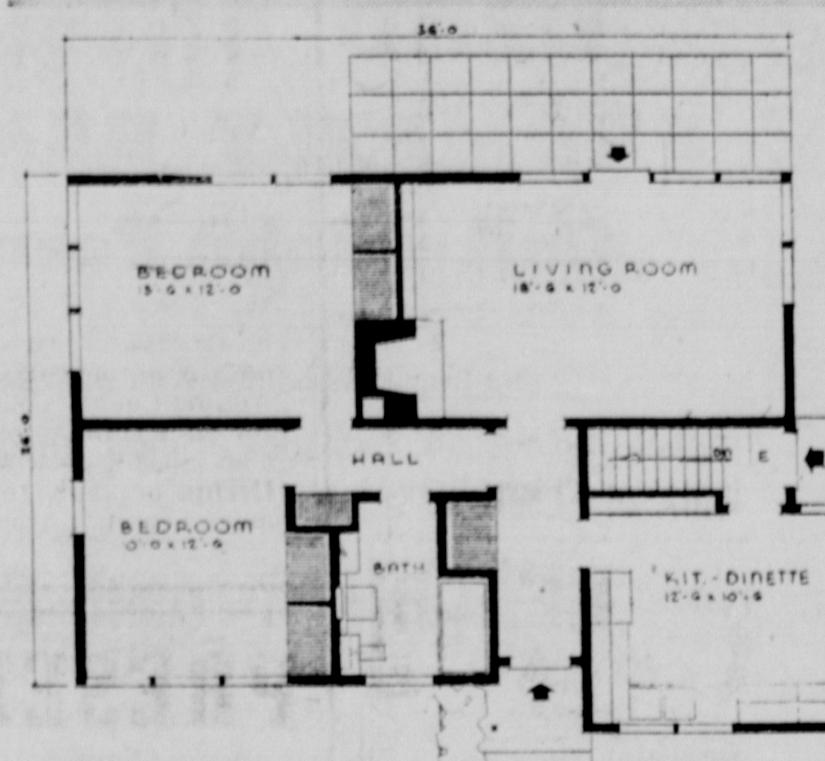

Since drainage is by gravity, drain pipes should never be smaller than two inches in diameter. Galvanized steel or iron is generally used for waste connections to the tub, sink, wash basin or other fixtures and this leads into a four-inch or larger cast iron pipe.

Enamelled cast iron is satisfactory for bath and laundry tubs, sinks and wash basins. It costs less than vitrified china and generally gives as good service. Toilets made of vitrified china are preferred.

Wise Economy

A mark of good plumbing is the presence of a shut-off valve in the supply line close to each fixture. This permits repairs and adjustments to be made without shutting off water to other fixtures. Removable screw plugs should be placed in drain pipes so they can be cleaned without dismantling the

A HOME TO LIVE IN

whole system.

Any exposed piping should be chromium-plated brass and lead into the wall instead of the floor to facilitate floor cleaning.

In planning a new house, it is wise to economy to spend a little more — about \$200 in the average home — and obtain the highest quality piping and fixtures available. Remember that 99 per cent of the piping is concealed behind walls and ceilings and that to repair it will require a major construction job.

Hot Cellar Sign Of Wasted Heat

A cellar or furnace room that is warmer than 70 degrees means that a great deal of fuel is being wasted. To avoid this loss, insulation should be applied to the furnace, boiler, hot water storage tank and steam or hot water pipes. Cost is low and fuel savings are high.

KEYLESS LOCK

Recently placed on the market is a front door lock which operates by four plungers as does a combination on a safe and thus obviates the use of a key.

Metal Paint Cuts Radiator Output

The practice of coating hot water and steam radiators with metallic paint is extremely wasteful of fuel. The metallic paint acts as an insulator, in some cases holding as much as 15 per cent of the heat within the radiator.

For that reason, radiators should be painted with a good oil paint or enamel. Flat wall paint has greater resistance to blistering and peeling than other kinds. Before repainting, as much of the metallic paint as possible should be removed with a wire brush and the new paint spread on thinly while the radiator

State AFL Leaders Talking Politics

Harrisburg, Jan. 21 (P)—More than 200 Pennsylvania AFL labor leaders assembled here today to survey the developing political picture in the Keystone state, including Henry A. Wallace's independent bid for president.

James L. McDevitt, president of the Pennsylvania Federation of Labor, called the leaders together as a convention of the state AFL's education and political league, organized last November to oppose all Pennsylvania Congressmen who vot-

ed for the Taft-Hartley labor law.

"Wallace's third party bid will come up," declared McDevitt who already has announced he is op-

posed to the league taking any part

in the third party movement. Mc-

Devitt also rejected a chance to be

slated as a delegate-at-large to the

Democratic National Convention

in line with a league ban on

party tie-ups by its officials.

Asbestos Shingles Provide Protection

Asbestos cement shingles, siding and board are growing in popularity as protection against fire, weather, rats, termites, rot and dust. These building materials are made of two inorganic substances, asbestos fibers and portland cement both of which are immune to the dangers mentioned.

ed for the Taft-Hartley labor law.

"Wallace's third party bid will come up," declared McDevitt who

already has announced he is op-

posed to the league taking any part

in the third party movement. Mc-

Devitt also rejected a chance to be

slated as a delegate-at-large to the

Democratic National Convention

in line with a league ban on

party tie-ups by its officials.

TOWNS TO SHARE
INSURANCE FUND

Harrisburg, Jan. 21 (AP)—Every Pennsylvania community with a paid policeman will share this year in the distribution of nearly \$1,000,000 in state revenues from the commonwealth's tax on premiums paid out-of-state casualty insurance companies.

Auditor General G. Harold Wagner announced today questionnaires will be mailed next week by his department to every one of the state's 2,559 municipalities asking them to report the number of their paid policemen.

To qualify for a share in the fund, formerly distributed only to those municipalities with police pension funds, the officials must certify that they have one or more full-time officers and a survey has indicated that there are less than 200 communities in the state without local police.

The amount available for distribution this year has not been determined as yet, but the department distributed \$887,334 in 1947 from

taxes paid the year before.

The money distributed this year must be used to buy annuity contracts for the policemen unless a regular pension fund has been established. Communities failing to buy the contracts will be ineligible for a share in the 1949 distribution.

WARN'S COPS

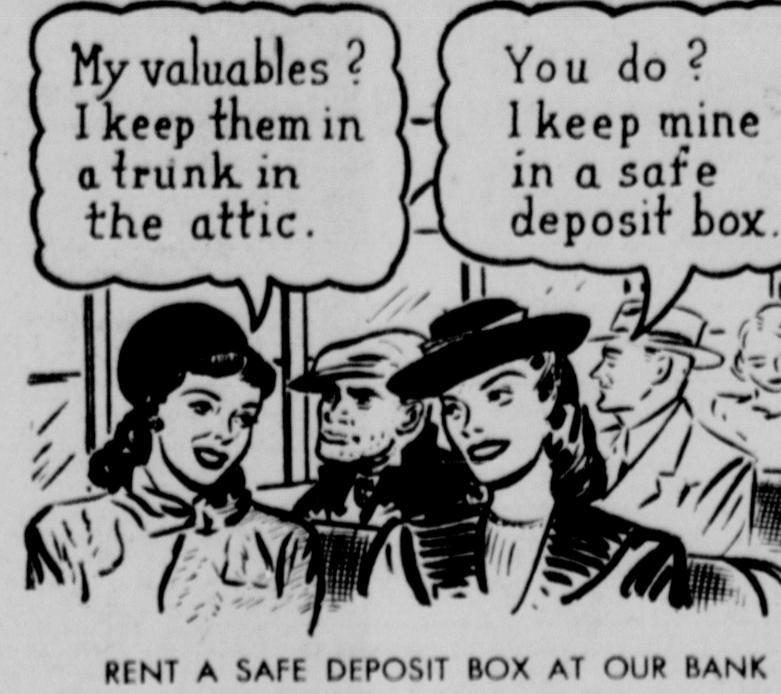

Harrisburg, Jan. 21 (AP)—Harrisburg city policemen were given a stern warning by Mayor Claude R. Robins that suspension or dismissal would follow failure to enforce the law on their beats. Each patrolman in his respective territory will be responsible to see that his section of

Missing Pianist Found In 'Frisco

San Francisco, Jan. 21 (AP)—Police today announced Jacqueline Horner, 14-year-old movie actress and concert pianist, missing from her Los Angeles home eight days, was found here. They arrested a sailor with whom they said she had visited taverns and charged him with contributing to the delinquency of a minor.

Police inspectors John Merrill and Dan Sheeley located the girl at a Van town is kept clean and free from any gambling," the new mayor warned.
